Series Song:

The Gifts of the Spirit,
by whispering Hope

Create some actions and record your leaders performing the song. You can then play this video during each lesson to teach the children.

The song is also repeated every week so that the children have the opportunity to learn the actions really well and present it to the adults in the main church at the end of the series.

Alternatively, with parental permission, the children can be recorded performing the song at the end of the series and this can be played in the main church for the adults to watch.

Visuals: Images can be cut out and stuck onto two separate boards to be placed at the front and used as a visual reference for the children throughout each lesson.
